

EDINBURG NEWSLETTER OFF TO A GREAT START

Thanks to the tremendous response by the good people of Edinburg, their organizations, churches, and businesses, things have moved along smoothly toward making an EDINBURG NEWSLETTER become a reality. Two meetings were held since our last issue where a Constitution and Bylaws, and Board of Directors, were established by general consensus.

Article II of our Constitution states "The purpose of this association shall be to encourage and promote the concept of Edinburg as a community and communication within that community through the regular and systematic collection and dissemination of community related information in newsletter form." Article III "Membership ... shall be open to all people who are interested ... all shall have equal privileges of voice, vote, and of office holding ... there shall be no cost of membership ..."

We have registered as a non-profit organization, and have opened up a checking account and bookkeeping system to handle and account for the generous donations and ad revenues received from you, the people of EDINBURG, USA! The success is two-fold: first, that Edinburg people are important enough to be reached through advertising, and secondly, that our sponsors do feel strongly in favor of our independent initiative for such a project.

God bless you all, and with your help, our newsletter will stay.
