Welcome Home Summer Friends

Summertime, and the livin' is easy. Fish are jumping and the Great Sacandaga begins it's transition from winter wonderland to summer playground.

It's a time when old friends reunite at the Lake, for active sunny days, and long cheery evenings--to boat, to waterski, to swim, to fish, but, best of all to laze away a carefree few months in this adirondack paradise 'before ol' man winter confines us once again to the fireside.

With this issue, the staff of the Edinburg Newsletter, along with all our advertisers offer a hearty "Welcome Home" to oursummer residents, and wish them good weather, good fun, and happy days.
